

IL MARMO SPETTACOLARE

L'Italia è il primo paese produttore al mondo di marmo e ne produce la qualità più preziosa. Oggi la tecnologia ceramica d'avanguardia permette di replicare in gres porcellanato le bellezze che la natura italiana ci offre.

Noi le abbiamo colte e reinterpretate con VENUS rispettando, nella versione lappata a specchio, i dettami che hanno reso il marmo italiano famoso e amato nel mondo.

THE SPECTACULAR MARBLE

Italy is the first producing country in the world of marble and produces the most precious quality. Nowadays, vanguard ceramic technology makes possible to replicate in porcelain stoneware the beauties that Italian nature offers us.

We have captured and reinterpreted them with VENUS respecting, in the lapped mirror version, the rules that have made Italian marble famous and loved in all the world.
