Nuove sfumature dall'eleganza discreta New discreetly elegant shades

Cinque tonalità, che dal bianco arrivano al marrone scuro, passando attraverso diverse sfumature di grigio, restituiscono la bellezza essenziale e ricercata della basaltina, una pietra lavica compatta e uniforme. REMIXED trasforma i colori tradizionali di questa pietra, offrendo una reinterpretazione cromatica in tinte calde, estremamente attuale e non direttamente riconducibile alla pietra d'ispirazione. Una versatilità di formati e superfici, capace di adattarsi a qualsiasi contesto, interno ed esterno, è accompagnata da una struttura da rivestimento che amplia le possibilità di design, offrendo soluzioni creative per le pareti.

Five shades that run from white through grey to dark brown create the essential and sophisticated beauty of basaltine, a compact and uniform lava stone. REMIXED transforms the traditional colours of this stone, offering a re-interpretation of colour in extremely modern and warm shades not directly related to the stone that inspires them: a versatility of formats and surfaces that adapt to any indoor or outdoor setting, with a covering texture that extends the possibilities of design, offering creative solutions for walls.
