FIORANESE
CERAMICA

Fusion è l'incontro tra due sensibilità materiche che intrecciano ricordo e presente, natura e gesto umano.

Wildflower, venature morbide, toni polverosi e inclusioni cromatiche evocano un campo spontaneo in piena fioritura, dove mineralità e vita si intrecciano in equilibrio poetico.

Plaster, la bellezza genuina degli intonaci materici, superfici autentiche che attraverso velature delicate e cromie neutre restituiscono atmosfere intime, sospese.

Fusion is an encounter between two material sensibilities that intertwine memory with the present and nature with human gesture.

Wildflower – soft veining, powdery tones and colour inclusions recall fields in full bloom with wild flowers, where minerality intertwines with nature, striking a romantic balance.

Plaster – the genuine beauty of material plasters; authentic surfaces with delicate washes and neutral shades that recreate intimate, suspended atmospheres.

Fusion ist die Begegnung zweier materieller Sensibilitäten, die Erinnerung und Gegenwart, Natur und menschliche Gesten miteinander verflechten.

Wildflower – weiche Maserungen, staubige Farbtöne und chromatische Einschlüsse erinnern an ein wildes Feld in voller Blüte, wo Mineralität und Leben in poetischer Ausgewogenheit miteinander verschmelzen.

Plaster – die unverfälschte Schönheit von materiellem Putz, authentische Oberflächen, die durch zarte Lasuren und neutrale Farbtöne eine vertraute, schwebende Atmosphäre schaffen.

Fusion est la rencontre entre deux sensibilités matérielles qui mêlent mémoire et présent, nature et geste humain.

Wildflower – des veines douces, des tons poudrés et des inclusions colorées évoquent un champ en pleine floraison, où la minéralité et la vie s'entrelacent dans un équilibre poétique.

Plaster – la beauté authentique des enduits matériels, des surfaces véritables qui, à travers de légères transparences et des teintes neutres, recréent des atmosphères intimes et suspendues.
