INFORMALE

ceramica graffita

Welcome to the "Informale" collection, a testament to timeless craftsmanship and artisanal excellence. Each tile in this exquisite collection is meticulously handcrafted by skilled ceramic artisans, infusing every piece with character and charm.

Drawing inspiration from the past, the "Informale" tiles feature a unique decorative technique reminiscent of traditional craftsmanship. Through delicate incisions using various specialized instruments, intricate patterns and designs are brought to life on the surface of each tile. This meticulous process adds depth and texture, creating a tactile and visually captivating finish.

The collection boasts a diverse range of designs, from geometric motifs to linear patterns, all infused with a sense of spontaneity and artistic expression.

NEW

Diamond shape

The special diamond shape of the base, facing inward, is inspired by ancient ceramic tiles. This shape allows for installing with extremely narrow joints.
