

UP

La luce plasma le sue forme in sinuosi effetti geometrici. Attraverso raffinati giochi di sporgenze e rientranze, di luci e ombre, la sua superficie a rilievo le conferisce una plasticità scultorea inaspettata.

Up, la serie da rivestimento in monoporosa, si propone con **3 diverse strutture nel formato 5x25**, affiancato da quello classico **10x10 in 2 strutture**, tutte ad alto spessore.

La bellezza della sola forma è rivelata ed esaltata dalla gamma cromatica a tinta unita degli smalti in gamma.

7 colori e 2 differenti finiture della superficie, **matte e glossy** che, combinate tra loro, accentuano i giochi di luce e dei suoi riflessi.

I due formati, le due finiture e la gamma cromatica permettono la creazione di soluzioni stilisticamente versatili che valorizzano l'ambiente, conferendo un aspetto distintivo, ricercato ed elegante.

Light moulds its shapes into sinuous geometric effects. Through refined plays of projections and recesses, light and shadow, its raised surface gives it an unexpected sculptural plasticity.

Up, the single-fired wall tile series, is available with **3 different structures in the 5x25 size**, accompanied by the classic **10x10 size in 2 structures**, all with high thickness.

The beauty of the form alone is revealed and enhanced by the plain colour palette of the glazes in the range.

7 colours and 2 different surface finishes, matte and glossy, which, combined, accentuate the effects of the light and its reflections.

The two sizes, the two finishes and the colour palette combine to create solutions that cater for a wide range of styles and enhance the environment, giving it a distinctive, refined and elegant look.
