STONE'S CORE UNVEILED

NovaBell
CERAMICHE

DEEPSTONE
STONE'S CORE UNVEILED

TWO UNIQUE STONES MERGING INTO AN UNPRECEDENTED CREATION.

DUE PIETRE UNICHE SI FONDONO IN UNA CREAZIONE INEDITA.

COLOUR RANGE

DEEPSTONE

HYPER DEEPSTONE

Deepstone dà vita a un'originale miscela minerale: un effetto pietra attentamente calibrato sia a livello grafico che cromatico, in cui le tonalità scure dell'ardesia ligure incontrano le calde sfumature delle ardesie brasiliane, caratterizzate da sfumature policromi dall'aspetto organico e naturale.

DEUX PIERRES EXCLUSIVES S'UNISSENT POUR FORMER UNE CRÉATION INÉDITE. Deepstone propose un original mélange minéral : un effet pierre présentant un merveilleux équilibre graphique et chromatique, dans lequel les tonalités foncées de l'ardoise de Ligurie se mêlent aux chaudes nuances des ardoises brésiliennes, caractérisées par des colorations polychromes à l'aspect organique et naturel.

Deepstone forms an original blend of minerals: a stone effect with carefully calibrated patterning and colour, where the dark shades of slates from Liguria meet the warm hues of those from Brazil, characterised by multicolour graduated tones with an organic, natural air.

ZWEI STEINE VERSCHMELZEN ZU EINER NEUEN KREATION. Deepstone bietet einen originellen Steinmix: eine grafisch wie chromatisch fein ausgewogene Natursteinoptik, wo dunkle Farbtöne von ligurischem Schieferstein auf warme Nuancen von Schieferstein aus Brasilien treffen, der mit organisch und natürlich wirkenden polychromen Partien aufwartet.

DEEPSTONE
A TASTEFUL STONE
LOOK WITH AN
IMMACULATE
PERSONALITY.

DEEPSTONE
UN LOOK PIETRA
EQUILIBRATO DALLA
PERSONALITÀ
ESSENZIALE.

Le sei tonalità Deepstone riflettono il carattere più equilibrato della collezione, una fusione di ardesia ligure e brasilian slate che coglie le screziature, le venature e i cromatismi neutri, incarnando i valori estetici del mondo della progettazione contemporanea più rigorosa ed essenziale.

UN LOOK PIERRE ÉQUILIBRÉ AU CARACTÈRE MINIMALISTE. Les six nuances Deepstone expriment le caractère le plus équilibré de la collection, un mélange d'ardoises ligures et brésiliennes avec des marbrures, des veinages et des colorations neutres incarnant les valeurs esthétiques du design contemporain le plus rigoureux et essentiel.

The six Deepstone shades provide the collection's underlying harmony: a fusion of Ligurian and Brazilian slates that embraces all the stones' mottling, vein patterns and neutral colouring, embodying the aesthetic values of the most severe, immaculate contemporary architecture.

EIN AUSGEWOGENER UND PURISTISCHER NATURSTEINLOOK. Die sechs Farbstellungen von Deepstone bringen den ausgewogenen Charakter der Kollektion zum Ausdruck, deren Mix aus ligurischem und brasilianischem Schieferstein die Sprenkelungen, Äderungen und neutralen Farben der Materialvorlage aufgreift und in strengster, puristischer Weise die ästhetischen Werte der modernen Planungswelt interpretiert.

**HYPER DEEPSTONE
EXPRESSING
CHROMATIC POWER
AND MINERAL
CONTRASTS.**

**HYPER DEEPSTONE
ESPRIME FORZA
CROMATICA E
CONTRASTI MINERALI.**

Le 4 versioni Hyper esprimono il temperamento indomito delle due pietre di riferimento. Le intense sfumature cromatiche e le fiammature minerali riflettono superfici variegata progettate per ottenere un perfetto equilibrio d'insieme. Hyper seduce il design e l'architettura evocando forza e incorruttibilità.

PUISSANCE CHROMATIQUE ET CONTRASTES MINÉRAUX. Les 4 versions Hyper expriment le tempérament indompté des deux pierres de référence. Les intenses nuances et les effets flammés des minéraux forment des surfaces bigarrées visant un parfait équilibre d'ensemble. Hyper séduit le design et l'architecture en faisant preuve de puissance et d'incorruttibilité.

The 4 Hyper versions convey the untamed power of the two inspiration stones. The intense colour highlights and mineral stippling reflect variegated surfaces designed to achieve a perfectly balanced overall effect. Hyper seduces design and architecture, evoking strength and incorruptibility.

KRÄFTIGE FARBEN UND MINERALISCHE KONTRASTE. Die vier Versionen Hyper spiegeln das ungezähmte Temperament der zwei Originalgesteine wider. Die kräftigen Farbschattierungen und die mineralischen Flammungen erzeugen facettenreiche Materialbilder, die sich zu einem ausgewogenen Ganzen fügen. Mit der Ausstrahlung von Kraft und Widerstandsfähigkeit erobert sich Hyper das Design und die Architektur.

**HYPER
DEEPSTONE**

DEEP TECH TECHNOLOGY AT THE SERVICE OF BEAUTY AND PERFORMANCE.

LA TECNOLOGIA AL SERVIZIO DELLA BELLEZZA E DELLE PRESTAZIONI.

Un'estetica elegante e autentica, frutto di Deep Tech, un'innovativa tecnologia decorativa in grado di creare effetti tridimensionali in corrispondenza delle venature, a cui dà risalto con applicazioni brillanti. Un effetto pietra dalle intense suggestioni tattili e visive, che trasmettono un forte senso di naturalità.

LA TECHNOLOGIE AU SERVICE DE LA BEAUTÉ ET DES PERFORMANCES. Une esthétique élégante et authentique, le fruit de Deep Tech, une extraordinaire technologie de décoration en mesure de créer des effets tridimensionnels au niveau du veinage, rehaussés par des applications brillantes. Un effet pierre exerçant d'intenses fascinations tactiles et visuelles, qui dégagent une forte sensation de naturel.

An elegant, authentic aesthetic achieved with Deep Tech, an innovative decorative technology that creates three-dimensional effects that match the vein patterns and emphasises them with gleaming applications. A stone effect strongly natural in its powerful look and feel.

TECHNOLOGIE IM DIENST VON ÄSTHETIK UND FUNKTIONALITÄT. Das elegante, authentische Erscheinungsbild ist dem innovativen Dekorationsverfahren Deep Tech zu verdanken, das an geäderten Stellen 3D-Effekte erzeugt, die mit glänzenden Beschichtungen betont werden. Die Natursteinoptik mit einer prägnanten taktilen und visuellen Wirkung vermittelt einen starken Eindruck von Natürlichkeit.

DEEP TECH
SEDUCTIVE
ULTRA MATT
SUPER REALISTIC
SURFACES.

SEDUCENTI
SUPERFICI
ULTRA OPACHE E
IPERREALISTICHE.

Il sorprendente realismo dato dalla tecnologia Deep Tech è esaltato dalla seducente opacità della superficie, un altro traguardo dell'intensa attività di ricerca condotta da NovaBell su smalti, materie prime e processi produttivi. Infine, l'estrema morbidezza al tatto della finitura naturale svela un'elevata resistenza allo scivolamento.

SÉDUISANTES SURFACES ULTRA MATES ET HYPERRÉALISTES. Le surprenant réalisme proposé par la technologie Deep Tech est exalté par la séduisante matité de la surface, un autre pas en avant dans l'intense activité de recherche menée par NovaBell sur les émaux, les matières premières et les techniques de production. De plus, l'extraordinaire douceur au toucher de la finition naturelle dissimule une incroyable résistance à la glissance.

The breathtaking realism achieved by the Deep Tech technology is enhanced by the seductively matt surfaces, another milestone from NovaBell's intensive research into glazes, raw materials and production processes. What's more, the extremely soft-touch feel of the natural finish reveals a high degree of slip resistance.

REIZVOLLE EXTRAMATTE, ÜBERREALISTISCHE OPTIK. Der erstaunliche Realismus, den die Deep Tech-Technologie erzeugt, wird durch die verführerische Mattheit der Oberfläche betont, die ebenfalls der intensiven Forschung und Entwicklung von NovaBell zum Thema Glasuren, Rohstoffe und Herstellungsprozesse zu verdanken ist. Die extrem weiche Haptik der natürlichen Oberflächenvariante weist zudem eine hohe Rutschhemmung auf.

3D PEAK

A DECORATIVE MODULE WITH EXQUISITE TACTILE RELIEF.

UN MODULO
DECORATIVO CON UN
RAFFINATO RILIEVO
MATERICO.

La struttura decorativa 3D Peak è un altro esempio dello straordinario livello di realismo raggiunto dalla collezione. La texture grafica, infatti, asseconda il rilievo del motivo canneté, aumentando la percezione di tridimensionalità.

UN MODULE DÉCORATIF AVEC UN RAFFINÉ RELIEF À EFFET DE MATIÈRE. La structure ornementale 3D Peak est un autre exemple de l'extraordinaire niveau de réalisme atteint par la collection. En effet, la texture graphique intensifie le relief du motif canneté, augmentant ainsi la perception de tridimensionnalité.

The 3D Peak decorative structure is another example of the extraordinary level of realism this collection achieves. The texture of the patterning mirrors the ribbed motif to enhance the perceived three-dimensionality.

EIN DEKORMODUL MIT EINEM ELEGANTEN MATERIALBETONENDEN RELIEF. Das Dekor 3D Peak ist ein weiteres Beispiel für den herausragenden Realismus der Kollektion. Die grafische Textur folgt dem gerippten Relief, was die plastische Wirkung verstärkt.

OVERSIZE

120x278x0,6 cm

DESIGN WITHOUT LIMITS.

Oversize combina l'eccezionalità delle sue dimensioni con uno spessore ridottissimo. Supera il concetto stesso di formato ceramico a favore di superfici che, grazie alla loro estensione, valorizzano le qualità estetiche dell'effetto pietra.

Oversize associe ses dimensions exceptionnelles avec une épaisseur extrêmement réduite. Le concept de format céramique est transcendé en faveur des surfaces qui, en raison de leur extension, exaltent les qualités esthétiques de l'effet pierre.

Oversize combines its exceptional dimensions with extreme thinness. It leaves the concept of the ceramic tile behind, progressing to that of surfaces with dimensions which reveal all the beauty of the stone effect.

Oversize kombiniert großzügige Abmessungen mit einer geringen Materialstärke. Das Konzept vom Format wird zugunsten von Belagelementen überwunden, die dank ihrer Größe die visuellen Vorzüge der Natursteinoptik zur Geltung bringen.

“A SPACCO”:
THE REVOLUTIONARY
RELIEF TECHNOLOGY
ON 6 MM THICK SLABS.

LA RIVOLUZIONARIA
TECNOLOGIA
TRIDIMENSIONALE SU
LASTRE IN SPESSORE 6 MM.

A differenza della maggior parte delle grandi lastre sottili, Oversize presenta sensibili effetti di rilievo ispirati alla finitura “a spacco” tipica dell’ardesia naturale. La struttura scolpita sulla lastra ha un profilo smussato e un andamento delicato, lasciando la superficie morbida al tatto.

LA RÉVOLUTIONNAIRE TECHNOLOGIE TRIDIMENSIONNELLE SUR DALLES DE 6 MM D'ÉPAISSEUR. Contrairement à la plupart des grandes dalles de fine épaisseur, Oversize présente de remarquables effets de relief inspirés de la finition « clivée » typique de l'ardoise naturelle. La structure sculptée sur la dalle affiche un profil arrondi et un développement délicat, en laissant la surface douce au toucher.

Unlike most slimline large slabs, Oversize has noticeable relief effects inspired by the “split” finish typical of natural slate. The structure carved into the slab has a bevelled profile and subtle variation, creating a soft-touch surface.

DIE REVOLUTIONÄRE 3D-TECHNOLOGIE AUF 6 MM STARKEN PLATTEN. Im Unterschied zu den meisten dünnen Großformaten weist Oversize eine deutliche Reliefoptik auf, die von der typischen „Spaltoberfläche“ natürlichen Schiefersteins inspiriert ist. Das Relief der Platte mit weichem Profil und sanfter Linienführung besticht mit einer weichen Haptik.
